DETAILED ACTION

Allowable Subject Matter

1. Claims 8-24 are allowed.
2. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

4. Claims 1-7 and 25 are rejected under 35 U.S.C. 102(a) as being clearly anticipated by **Tolli, et al.**

Tolli, et al disclose a method for traffic management in a radio system (Abstract) comprising monitoring at lease one cell load parameter of nin real time uses in a radio cell (INTRODUCTION). Triggering a cell reselection process in the radio cell on the basis of a cell load (SIMULATION MODEL). Selecting, based on at least one cell load parameters, the non real time users to perform

cell reselection (B. Non-Real Time Model) and triggering the selected non real time users to perform cell selection (III RESULTS).

Response to Arguments

5. Applicant's arguments filed July 13, 2007 have been fully considered but they are not persuasive.

In response to Applicant's attorney's remarks, the current application, Tolli is the only inventor. The reference has Tolli, Hakalim, and Holma, hence the reference is consider "*invention was known or used by others*".

Conclusion

6. If applicants wish to request for an interview, an "*Applicant Initiated Interview Request*" form (PTOL-413A) should be submitted to the examiner prior to the interview in order to permit the examiner to prepare in advance for the interview and to focus on the issues to be discussed. This form should identify the participants of the interview, the proposed date of the interview, whether the interview will be personal, telephonic, or video conference, and should include a brief description of the issues to be discussed. A copy of the completed "*Applicant Initiated Interview Request*" form should be attached to the Interview Summary form, PTOL-413 at the completion of the interview and a copy should be given to applicant or applicant's representative.

7. If applicants request an interview after this **final rejection**, prior to the interview, the intended purpose and content of the interview should be presented briefly, in writing.

Such an interview may be granted if the examiner is convinced that disposal or clarification for appeal may be accomplished with only nominal further consideration.

Interviews merely to **restate arguments** of record or to **discuss new limitations** which would require more than nominal reconsideration or new search will be denied.

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

9. A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
